

ST.GALLEN SYMPOSIUM

Finance in Times of Disruption: The Savings Union

Panel Discussion

Dear Guest,

We are pleased to invite you to the St. Gallen Symposium Luxembourg Reception, an evening of dialogue that forms part of the global St. Gallen Symposium initiative. Organised since 1969 by the International Students' Committee (ISC) of the University of St. Gallen, the Symposium brings together young leaders with decision-makers from business and politics to discuss pressing global challenges. The 55th St. Gallen Symposium will take place on 6–7 May 2026 under the theme *Disrupted Age*. In addition to the annual Symposium in St. Gallen, the ISC organises selected international side events to engage with local communities and extend the dialogue beyond Switzerland. Established receptions take place in cities such as London, Munich, Singapore, and Mumbai. The Luxembourg Reception is organised in collaboration with the Chambre de Commerce Luxembourg and the Swiss Embassy and offers a focused setting for exchange in the Luxembourg context.

Date 19th March 2026
